

K-LOVE is an important part of my life everyday. I travel considerably across the US and having access to K-LOVE in my local area as well as in the locations to which I travel is important to me. K-LOVE provides useful information on a daily basis.

The loss of K-LOVE because of the implementation of LPFM would be detrimental to the local community. K-LOVE is listened to and depended upon by thousands of listeners in the Albuquerque area providing a wholesome, family oriented message.

I believe that the service provided by K-LOVE is an important service to the public here in Albuquerque.
